Dir Sir or Madam,

The sensor group Inelta Sensorsysteme GmbH & Co. KG and PIL Sensoren GmbH has been developing, producing and selling high-precision quality sensors in standard and application-specific customized designs for three decades. As an OEM, we also supply well-known sensor suppliers worldwide. Our product range includes sensors for displacement and length measurement, position sensors, load cells, force transducers, signal amplifiers and Ultrasonic sensors. Inclinometers and pressure switches are also part of our competence. We are also able to supply individually adapted sensors and assemblies in small and medium quantities at any time on the basis of our wide range of standard series.

With two development and production sites in Germany and the production company Vypro s.r.o. in Slovakia, we guarantee our customers high flexibility and reliability in covering their specific requirements.

Our specialists will be happy to assist you using the contact details below. Contact your technical sales department and we will find a solution for your special needs.

Yours sincerely

Dr. Jochen Heimann

MANAGING DIRECTOR

Your contact persons for sales:

Germany North:

Zip code area: 0-5, 95; 96; 98; 99

Technical sales force:

Dipl.- Ing. Ralf Buskies

Tel.: +49 (0) 89 45 22 45 - 267

Fax +49 (0) 89 45 22 45 - 244
